

**SEALPIC® -84 and SEALPIC-FSF-84 - Sag and Tension Guide**

Heavy Loading Area

Table with columns: Group, SEALPIC-84 Pair x AWG, SEALPIC-FSF-84 Pair x AWG, Temp. °F, and Sag/Tens. for various span lengths (100, 125, 150, 175, 200, 225, 250, 275, 300, 325, 350, 375, 400, 425, 450, 475, 500, 525, 550, 575, 600).

Light Loading Area

Table with columns for Span Length (feet) and various load configurations (e.g., 100, 125, 150, 175, 200, 225, 250, 275, 300, 325, 350, 375, 400, 425, 450, 475, 500, 525, 550, 575, 600, 625, 650, 675, 700). Rows are grouped by #1 through #7, detailing sag and tension values for different cable configurations and temperatures.
